Fun With Science

Lawrence Livermore National Laboratory's Discovery Center

Come explore the Discovery Center and take part in the "Fun With Science" program — a fun way to see and participate in science experiments that explain states of matter, air pressure, density, electricity, light and chemistry.

Summer schedule

1st through 3rd grade, 1:30 – 2:30 p.m.:
June 23, July 13 and Aug. 10

4th through 8th grade, 1:30 – 3 p.m.:
June 24, July 14 and Aug. 4

Shows are held at the Discovery Center in Bldg. 651. This summer, there will be sessions designated for specific age groups. Registration is required. To register, click on the preferred date above. You will be redirected to Sign Up Genius to register.

Information

Admission is free and each session of "Fun With Science" is the same. Registration is a must. The area of the Lab you will be visiting is open to the general public, so no badging is required. Keep in mind that the area is not accessible by public transit.

Register on the Web: https://www.llnl.gov/community/discovery-center

Directions

GPS: The Discovery Center is on Eastgate Drive off Greenville Road in Livermore, near the intersection of Greenville Road and Lupin Way.

Additional directions are on the Web: https://www.llnl.gov/about/directions

For further information, contact Diane Nelson, 925-423-3272, or email superscience@llnl.gov

** A science experiment that uses marshmallows as a way to explain air pressure.*
