

### Subcontract Hazards List

Subcontract No./ Requisition No./ Blanket Order No.  <b>Z 71630</b>	Building No.  <b>439</b>	Facility Point of Contact  <b>Hal Nida</b>	Subscribing to a Blanket Order  <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	
Responsible Individual  <b>Mark Seager</b>	Responsible Individual Signature  	ES&H Team Number  <b>2</b>	LLNL has Management Responsibility  <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	Work Authorization Level  <b>2</b>

Listed below are various hazards the University of California (UC) has identified as part of the facility in which the work will be done. The list may not be all inclusive. The subcontractor must evaluate and consider the work scope and the condition of the facility to determine if other hazards exist. If the subcontractor identifies additional hazards, the subcontractor must notify the UC procurement representative accordingly.

There are only general industrial hazards associated with this work location.      Date: 4/15/02

<b>Hazard Description</b> (Provide a brief, succinct description of each hazard.)
<b>Location Information</b> (For facility-related hazards, provide the location of each hazard within the facility.)
<b>Mitigation Measures Taken by UC</b> (Describe the mitigation actions for any facility hazards taken by the UC, as applicable.)
<b>Mitigation Measures Required</b> (Identify anticipated mitigation actions for work scope or facility hazards.)
<b>Party Responsible for Required Mitigation Measures</b> <input type="checkbox"/> Subcontractor <input type="checkbox"/> UC <input type="checkbox"/> Not Applicable
<b>LLNL Training Requirements</b> (List required LLNL training subcontractor must complete.)
