Indoor Cats need new home (Freya)

Freya is a 10 year old female indoor cat (spayed). She is very affectionate, loves getting pets and playing. She also likes to play fetch with small toys ???. She has a somewhat unique and adorable meow, and can get pretty chatty sometimes, especially when she has picked up a small toy of some kind. She co-exists with other cats and with dogs ok, but I honestly think she would be best solo or with the cats she already knows. I have had her since she was a kitten, so feel free to ask anything.

Phone: 925-200-0822

Indoor Cats need new home (Scoops)

Scoops is a 14 year old male indoor cat (neutered). He is somewhat of a loner, but he co-exists with other cats and dogs just fine. He loves people, and is one of those cats who likes to just lay near you, or sometimes crawl under bed covers with you. He's extremely food motivated, so if you give him treats,

he will quickly become your biggest fan. He is a bit arthritic due to his age, but he gets around just fine. I have had him since he was a kitten, so ask me anything about him.

Phone: 925-200-0822

Indoor Cats need new home (Toffee)

Toffee is a 5-7 year old female indoor cat (spayed). I'm not sure of her exact age, as she was a stray that just showed up at my door about 4 years ago that I took in. She is extremely affectionate towards people, honestly probably the easiest to get along with cat I've ever had. She warms up quickly, loves any and all attention from people. I think she would do well in basically any home environment where she is loved to be honest.
