HOW TO USE YOUR BENEFIT PLAN

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED.

Delta Dental does not guarantee the availability of any particular dentist. You are free to choose any dentist for treatment, but it is to your advantage to choose a Delta Dental Dentist. This is because his or her fees are approved in advance by Delta Dental. Delta Dental Dentists have treatment forms on hand and will complete and submit the forms to Delta Dental free of charge.

If you choose a Delta Dental PPO Dentist, you will receive all of the advantages of going to a Delta Dental Dentist, and you may have less out-of-pocket expenses for certain services.

Services may be obtained from any licensed dentist during normal office hours. Emergency services are available in most cases through an emergency telephone exchange maintained by the local dental society which is listed in the local telephone directory.

If you go to a non-Delta Dental Dentist, Delta Dental cannot assure you what percentage of the charged fee may be covered. Claims for services from non-Delta Dental Dentists should be submitted to Delta Dental at the address listed in this brochure within six months. It is your responsibility to give Delta Dental the required information necessary to evaluate your claim for dental benefits.

A list of Delta Dental PPO Dentists and Delta Dental Dentists can be obtained by calling 800-427-3237 or visit our website, deltadentalins.com. This list will identify those dentists who can provide care for individuals who have mobility impairments or have special health care needs. You can obtain specific information about Delta Dental PPO Dentists and Delta Dental Dentists by using our website – deltadentalins.com or by calling the Delta Dental Customer Service department.

Dentists located outside the United States are not Delta Dental Dentists. Claims submitted by out-of-country dentists are translated by Delta Dental staff and the currency is converted to U.S. dollars. Claims submitted by out-of-country dentists for Enrollees residing in California are referred to Delta Dental's Quality Assessment department for processing. Delta Dental may require a clinical examination to determine the quality of the services provided, and Delta Dental may decline to reimburse you for Benefits if the services are found to be unsatisfactory.

You should receive timely notification from Delta Dental about whether Benefits will be received under the Benefit Plan. If Delta Dental needs more time to make a determination, you will be notified within 90 days and told why, **once you have provided all required information**. No more than an additional 90 days will be required to process the claim.

Many dentists are familiar with Delta Dental Care Plans and have Delta Dental claim forms. If not, the Dentist may contact:

DELTA DENTAL OF CALIFORNIA
P.O. Box 997330
Sacramento, CA 95899-7330
Tel. No. (415) 972-8300

To obtain Benefits, your Dentist should submit a claim form to the Delta Dental San Francisco office.

Delta Dental of California
560 Mission Street, Suite 1300
San Francisco, CA 94105

Services from dental school clinics may be provided by students of dentistry or instructors who are not licensed by the state of California.

Delta Dental shares the public and professional concern about the possible spread of HIV and other infectious diseases in the dental office. However, Delta Dental cannot ensure your dentist's use of precautions against the spread of such diseases, or compel your dentist to be tested for HIV or to disclose test results to Delta Dental, or to you. Delta Dental informs its panel dentists about the need for clinical precautions as recommended by recognized health authorities on this issue. If you should have questions about your dentist's health status or use of recommended clinical precautions, you should discuss them with your dentist.

SECOND OPINIONS

Delta Dental obtains second opinions through Regional Consultant members of its Quality Review Committee who conduct clinical examinations, prepare objective reports of dental conditions, and evaluate treatment that is proposed or has been provided.

Delta Dental will authorize such an examination prior to treatment when necessary to make a Benefits determination in response to a request for a Predetermination of treatment cost by a dentist. Delta Dental will also authorize a second opinion after treatment if an Enrollee has a complaint regarding the quality of care provided. Delta Dental will notify the Enrollee and the treating dentist when a second opinion is necessary and appropriate, and direct the Enrollee to the Regional Consultant selected by Delta Dental to perform the clinical examination. When Delta Dental authorizes a second opinion through a Regional Consultant, it will pay for all charges.

Enrollees may otherwise obtain second opinions about treatment from any dentist they choose, and claims for the examination may be submitted to Delta Dental for payment. Delta Dental will pay such claims in accordance with the Benefits of the Benefit Plan.

GRIEVANCE PROCEDURE AND CLAIMS APPEAL

If an Enrollee has any questions about the services received from a Delta Dental Dentist, Delta Dental recommends that he or she first discuss the matter with the Dentist. If he or she continues to have concerns, the Enrollee may call or write Delta Dental. Delta Dental will provide notifications if any dental services or claims are denied, in whole or part, stating the specific reason or reasons for denial. Any questions of ineligibility should first be handled directly between the Enrollee and the group. If an Enrollee has any question or complaint regarding the denial of dental services or claims, the policies, procedures and operations of Delta Dental, or the quality of dental services performed by a Delta Dental Dentist, he or she may call Delta Dental toll-free at 800-777-5854, contact Delta Dental on the Internet through the website: deltadentalins.com or write Delta Dental at P. O. Box 997330, Sacramento, CA 95899-7330, Attention: Customer Service Department.

If an Enrollee's claim has been denied or modified, the Enrollee may file a request for review (a grievance) with Delta Dental within 180 days after receipt of the denial or modification. If in writing, the correspondence must include the group name and number, the Primary Enrollee's name and nine-digit member identification number, the inquirer's telephone number and any additional information that would support the claim for benefits. The correspondence should also include a copy of the treatment form, Notice of Payment and any other relevant information. Upon request and free of charge, Delta Dental will provide the Enrollee with copies of any pertinent documents that are relevant to the claim, a copy of any internal rule, guideline, protocol, and/or explanation of the scientific or clinical judgment if relied upon in denying or modifying the claim.

Delta Dental's review will take into account all information, regardless of whether such information was submitted or considered initially. Certain cases may be referred to one of Delta Dental's regional consultants, to a review committee of the dental society or to the state dental association for evaluation. Delta Dental's review shall be conducted by a person who is neither the individual who made the original claim denial, nor the subordinate of such individual, and Delta Dental will not give deference to the initial decision. If the review of a claim denial is based in whole or in part on a lack of medical necessity, experimental treatment, or a clinical judgment in applying the terms of the contract terms, Delta Dental shall consult with a dentist who has appropriate training and experience. The identity of such dental consultant is available upon request.

We will provide a written acknowledgement within five days of receipt of the request for review. We will render a decision and respond to you within 60 days of receipt of the request for review. We will respond, within 72 hours to grievances involving severe pain and imminent and serious threat to a patient's health (urgent care grievance).

You may contact the U.S. Department of Labor, Employee Benefits Security Administration (EBSA) for further review of the claim or if you have questions about your rights under the Employee Retirement Income Security Act of 1974 (ERISA). You may also bring a civil action under section 502(a) of ERISA. The address of the U.S. Department of Labor is: U.S. Department of Labor, Employee Benefits Security Administration (EBSA), 200 Constitution Avenue, N.W. Washington, D.C. 20210.

ERISA CLAIMS AND APPEALS PROCEDURES

See your LLNS SPD for information.

PUBLIC POLICY PARTICIPATION BY ENROLLEES

Delta Dental's Board of Directors includes Enrollees who participate in establishing Delta Dental's public policy regarding Enrollees through periodic review of Delta Dental's Quality Assessment Plan reports and communication from Enrollees. Enrollees may submit any suggestions regarding Delta Dental's public policy in writing to: Delta Dental of California, Customer Service department, P. O. Box 997330, Sacramento, CA 95899-7330.

COORDINATION OF BENEFITS (DUAL COVERAGE)

If a group insurance policy or any other group health Benefit Plan, including another Delta Dental Benefit Plan, entitles a person to receive or be reimbursed for the cost of dental services, which are also Benefits under this Benefit Plan, and if this Benefit Plan is “primary” under the rules described below, Delta Dental will provide Benefits as if the other Benefit Plan did not exist. If the other Benefit Plan is “primary” under these rules, then Delta Dental will provide Benefits under this Benefit Plan only to the extent that the other Benefit Plan does not fully provide the dental services.

If the other Benefit Plan mainly covers services or expenses other than dental care, this Benefit Plan is “primary”. Otherwise, Delta Dental will use the following rules to determine which Benefit Plan is “primary”:

- (a) The Benefit Plan which covers the person as other than a Dependent is primary over the Benefit Plan which covers the person as a Dependent, with the following exception:

If the person is also a Medicare Beneficiary and Medicare is:

- (i) secondary to the Benefit Plan covering the person as a Dependent; and
- (ii) primary to the Benefit Plan covering the person as other than a Dependent (for example, a retired employee),

then the Benefits of the Benefit Plan covering the person as a Dependent are determined before the Benefits of the Benefit Plan covering the person as other than a Dependent.

- (b) The Benefit Plan which covers a child as a Dependent of a parent whose birthday occurs earlier in a calendar year is primary over the Benefit Plan which covers a child as a Dependent of a parent whose birthday occurs later in a calendar year (except for a dependent child whose parents are separated or divorced as described in (c) below).
- (c) In the case of a dependent child whose parents are legally separated or divorced:
 - (i) If the parent with custody has not remarried, the Benefit Plan which covers the child as a Dependent of the parent with custody is primary over the Benefit Plan which covers the child as a Dependent of the parent without custody.
 - (ii) If the parent with custody has remarried, the Benefit Plan which covers the child as a Dependent of the parent with custody is primary over the Benefit Plan which covers the child as a Dependent of the step-parent, and the Benefit Plan which covers the child as a Dependent of the step-parent is primary over the policy or Benefit Plan which covers the child as a Dependent of the parent without custody.

- (iii) If there is a court decree that establishes financial responsibility for dental services which are Benefits under this Benefit Plan, then notwithstanding (i) and (ii), the Benefit Plan which covers the child as a Dependent of the parent with such financial responsibility is primary over any other Benefit Plan which covers the child.

The Benefits of a Benefit Plan covering a laid-off or retired employee (or Dependent of such person) shall be determined after the Benefits of any other Benefit Plan covering such person as an employee.

If a person whose coverage is provided under federal or state law requiring continuation is covered under more than one Benefit Plan, Benefits order shall be determined as follows:

- (a) The Benefits of the Benefit Plan covering the person as an employee or Dependent shall be primary.
- (b) The Benefits under continuation coverage shall be secondary.

If the primary Benefit Plan cannot be determined by the rules described in this Article 6, the Benefit Plan which has covered the person longer shall be primary.

An Enrollee will provide Delta Dental with any information about the person that is needed to administer this Article, and Delta Dental may release any information to or obtain any information from any insurance company or other organization in order to coordinate the Benefits of an Enrollee. Delta Dental in its sole discretion will determine whether any reimbursement is warranted to an insurance company or other organization under this provision, and it is agreed that any such reimbursement paid by Delta Dental will be Benefits under this Contract. Delta Dental has the right to recover the value of any Benefits provided by Delta Dental which exceed its obligations under the terms of this provision from a Delta Dental Dentist, Enrollee, insurance company or other organization, as Delta Dental chooses.

CANCELLATION AND RENEWAL

This Dental Care Benefit Plan may be canceled by Delta Dental only on an anniversary date, or at any time if the Employer fails to make applicable payments as required by the Contract, or upon Employer's failure to furnish Delta Dental a list of all individuals enrolled as specified in the Contract, or refusal to permit the inspection of Employer's records as specified in the Contract. Upon cancellation of the Benefit Plan, individual employees and their Dependents of the group have no right to renewal or reinstatement.

This Dental Care Benefit Plan may be canceled by the Employer at any time upon 60 days written notice to Delta Dental.

For example: a crown where an amalgam filling would restore the tooth; or a precision denture where a standard denture would suffice.

- o) If orthodontic treatment is begun before you become eligible for coverage, Delta Dental's payments will begin with the first payment due to the dentist following your eligibility date.
- p) Orthodontic Benefits will be provided in two payments after the person becomes covered (the initial payment at the banding date and the second in 12 months); however, for treatment plans of less than \$500.00 or when the treatment plan is 12 months or less, one payment will be made.
- q) Delta Dental's orthodontics payments will stop when the first payment is due to the dentist following either a loss of eligibility, or if treatment is ended for any reason before it is completed, or the termination date of the Contract, whichever shall occur first.

- r) X-rays and extractions that might be necessary for orthodontic treatment are not covered by Orthodontic Benefits, but may be covered under Preventive or Basic Benefits.
- s) Dental services associated with treatment of TMJ dysfunction which are not listed as TMJ Benefits may be covered under Preventive or Basic Benefits.
- t) Charges for replacement of lost, missing or stolen devices are not covered.
- u) Occlusal guards or occlusal orthotic devices will be repaired or replaced only after three years have elapsed following any prior provision of such appliances under this Benefit Plan, except when Delta Dental determines that there is such extensive change in the Enrollee's dental condition (such as loss of a tooth or teeth) that the existing appliance cannot be made functional.
- v) Replacement of an occlusal guard or occlusal orthotic device not provided under a Delta Dental contract will be made only if it is unsatisfactory and cannot be made functional.
- w) Services for bruxism (grinding of teeth) unrelated to TMJ dysfunction are not covered.
- x) If your medical plan does not cover any particular claim for Dental Accident benefits, either in whole or in part, Delta Dental will pay based on your current plan design, subject to all limitations and annual maximum benefits. Your medical plan's customer service representatives will be able to confirm the coverage for Dental Accidents that your medical plan provides.

For a more complete description of Benefits, refer to Benefits Provided by the Benefit Plan. The amount of Benefits payable is subject to Limitations and Exclusions.

Deductible: You will be responsible for the first \$50 of covered fees for each eligible member of your family in each calendar year. This Deductible does not apply to Preventive Benefits (including Pit and Fissure Sealant Benefits) or Orthodontic Benefits.

Calendar Year Maximum: All Benefits listed above and Dental Accident Benefits are subject to a calendar year Maximum of \$1,700 for services provided by a Delta Dental PPO Dentist or \$1,500 for services provided by a non-Delta Dental PPO Dentist per covered enrollee. TMJ and Orthodontic Benefits are not subject to the calendar year Maximum, however are subject to a separate lifetime Maximum as listed below.

TMJ BENEFITS

The Benefit Plan provides payment of 100% of covered fees for occlusal guards and occlusal orthotic devices provided for the treatment of temporomandibular joint (TMJ) dysfunction. These services are subject to the \$50 annual calendar year Deductible. The Maximum amount payable under this Benefit Plan for all TMJ Benefits provided during an Enrollee’s lifetime is \$500. The TMJ lifetime Maximum is in addition to the \$1,500 annual Maximum for other covered Benefits.

ORTHODONTIC BENEFITS

The Benefit Plan also provides payment of 50% of the covered fees for Orthodontic Benefits provided to Enrollees, up to the Maximum of \$1,500 for each eligible Enrollee under age 26 and \$500 for each eligible Enrollee age 26 and older. The Maximum amount is in addition to the \$1,500 annual Maximum for other covered Benefits and is a lifetime Maximum. Orthodontic services are not subject to the Deductible, and amounts paid by an eligible Enrollee for orthodontics will not be credited against the Deductible.

DENTAL ACCIDENT BENEFITS

Services necessary as a result of a dental accident (a condition caused directly by external, violent or accidental means) may be covered as primary under your medical coverage. All claims should first be submitted to your medical carrier for review and possible payment, prior to submitting them under your Delta Dental Benefit Plan.

Questions regarding these fees should be directed to Delta Dental’s Customer Service department at 1 (800) 777-5854.

Please refer to the section entitled Covered Fees for additional details.

COVERED FEES

Covered services are available from the employee's or Retiree's eligibility date.

It is to your advantage to select a dentist who is a Delta Dental Dentist, since a lower percentage of the dentist's fees may be covered by this Benefit Plan if you select a dentist who is not a Delta Dental Dentist.

A list of Delta Dental Dentists (see DEFINITIONS) is available by calling 800-427-3237.

Payment to a Delta Dental PPO Dentist will be based on the applicable percentage of the lesser of the Fee Actually Charged, or a fee which the dentist has contractually agreed upon with Delta Dental to accept for treating enrollees under this Benefit Plan.

Payment to a Delta Dental Dentist will be based on the applicable percentage of the lesser of the Fee Actually Charged, or a fee which the dentist has contractually agreed upon with Delta Dental to accept for treating enrollees under this Benefit Plan.

Payment to a dentist who is not a Delta Dental Dentist will be based on the applicable percentage of the lesser of the Fee Actually Charged, or the fee which satisfies the majority of Delta Dental's Dentists.

If a Dentist discounts, waives, rebates or does not use good faith efforts to collect the portion of the fees entered on the claim form from the Enrollee, Delta Dental will not pay more than the applicable percentage stated in the section titled "BENEFITS PROVIDED BY THE BENEFIT PLAN" of the lesser of:

- (1) the fees entered on the claim form, reduced by the portion discounted, waived, rebated or not collected, or:
- (2) the Prevailing Fee, reduced by the portion discounted, waived, rebated or not collected.

Payment to a dentist located in another state or outside the United States will be based on the applicable percentage of the lesser of the Fee Actually Charged, or a fee which the dentist has contractually agreed upon with Delta Dental to accept for treating enrollees under this Benefit Plan. For a dentist who is not a Delta Dental Dentist payment will be based on the applicable percentage of the lesser of the Fee Actually Charged, or the fee which satisfies the majority of Delta Dental's Dentists.

EXTENSION OF BENEFITS

All Benefits cease on the date coverage terminates except that Delta Dental will pay for Single Procedures, other than orthodontic procedures, which were commenced while eligible.

If an Enrollee is totally disabled when coverage ceases, dental expense benefits will continue to be available during the disability for up to 12 months, but only if expenses incurred represent the charges for covered services which have been rendered and received, including delivered and installed, if applicable, prior to the end of the 12 month period.

However, dental expense Benefits will cease immediately when the individual becomes covered under any group Benefit Plan with similar benefits, if the coverage terminates for any reason other than discontinuance of the Benefit section as to the eligible class of which the Enrollee is a member.

CONTINUITY OF CARE

Current Enrollees:

Current Enrollees may have the right to the benefit of completion of care with their terminated Delta Dental Dentist for certain specified dental conditions. Please call Delta Dental's Quality Assessment Department at 415-972-8300 to see if you may be eligible for this benefit. You may request a copy of the Delta Dental's Continuity of Care Policy. You must make a specific request to continue under the care of your terminated Delta Dental Dentist. We are not required to continue your care with that dentist if you are not eligible under our policy or if we cannot reach agreement with your terminated Delta Dental Dentist on the terms regarding your care in accordance with California law.

New Enrollees:

A new Enrollee may have the right to the qualified benefit of completion of care with their non-Delta Dental Dentist for certain specified dental conditions. Please call Delta Dental's Quality Assessment Department at 415-972-8300 to see if you may be eligible for this benefit. You may request a copy of the Delta Dental's Continuity of Care Policy. You must make a specific request to continue under the care of your current provider. We are not required to continue your care with that dentist if you are not eligible under our policy or if we cannot reach agreement with your non-Delta Dental Dentist on the terms regarding your care in accordance with California law. This policy does not apply to new Enrollees of an individual subscriber contract.

IDENTIFICATION

During your first appointment, be sure to give your dentist the following information:

1. Your Delta Dental group number (on the front of this Benefit Plan Summary);
03221 (Employees and dependents)
03221 (COBRA enrollees)
2. The employer's name;
LLNS
3. Campus/Lab Name:
4. Primary Enrollee's or Retiree's member identification number (which must also be used by Dependents).

You can print an I.D. card with this information by visiting our website at deltadentalins.com.

REIMBURSEMENT PROVISIONS

Delta Dental is entitled to receive to lawful extents information and records about examinations and treatment provided to you from an attending or examining Dentist, or from hospitals in which a Dentist's care is provided, as may be required in the administration of your claims, or to require that an Enrollee be examined by a dental consultant retained by Delta Dental in or near the Enrollee's community or residence. Delta Dental agrees in every case to hold such information and records as confidential.

Delta Dental will pay Delta Dental Dentists directly. Delta Dental of California's agreement with our Delta Dental Dentists makes sure that you will not be responsible to the dentist for any money we owe. However, if for any reason we fail to pay a dentist who is not a Delta Dental Dentist, you may be liable for that portion of the cost. If you have selected a non-Delta Dental Dentist, Delta Dental will pay you. Payments made to you are not assignable (in other words, we will not grant requests to pay non-Delta Dental Dentists directly).

Payment for claims exceeding \$500 for services provided by dentists located outside the United States may, at Delta Dental's option, be conditioned upon a clinical evaluation at Delta Dental's request (see Second Opinions). Delta Dental will not pay Benefits for such services if they are found to be unsatisfactory.

Delta Dental does not pay Delta Dental Dentists any incentive as an inducement to deny, reduce, limit or delay any appropriate service. If you wish to know more about the method of reimbursement to Delta Dental Dentists, you may call Delta Dental's Customer Service department for more information.

Payment for any Single Procedure which is a Covered Service will only be made upon completion of that procedure. Delta Dental does not make or prorate payments for treatment in progress or incomplete procedures. The date the procedure is completed governs the calculation of any Deductible (and determines when a charge is made against any Maximum) under your Benefit Plan.

If there is a difference between what your dentist is charging you and what Delta Dental says your portion should be, or if you are not satisfied with the dental work you have received, contact Delta Dental's Customer Service department. We may be able to help you resolve the situation.

Delta Dental may deny payment of any claim form for services submitted more than 12 months after the date the services were provided. If a claim is denied due to a Delta Dental Dentist's failure to make a timely submission, you shall not be liable to that dentist for the amount which would have been payable by Delta Dental (unless you failed to advise the dentist of your eligibility at the time of treatment).

The process Delta Dental uses to determine or deny payment for services are distributed to all Delta Dental Dentists. They describe in detail the dental procedures covered as Benefits, the conditions under which coverage is provided, and the limitations and exclusions applicable to the Benefit Plan. Claims are reviewed for eligibility and are paid according to these processing policies. Those claims which require additional review are evaluated by Delta Dental's dentist consultants. If any claims are not covered, or if limitations or exclusions apply to services you have received from a Delta Dental Dentist, you will be notified by an adjustment notice on the Notice of Payment or Action. You may contact Delta Dental's Customer Service department for more information regarding Delta Dental's processing policies.

Delta Dental uses a method called "first-in/first-out" to begin processing your claims. The date we receive your claim determines the order in which processing begins. For example, if you receive dental services in January and February, but we receive the February claim first, processing begins on the February claim first.

Incomplete or missing data can affect the date the claim is paid. If you or your dentist has not provided Delta Dental with all information necessary to complete claim processing, payment could be delayed until any missing or incomplete data is received by Delta Dental.

Unless the services are exempt, you are required to pay the Deductible on the first claim for which processing is completed in a calendar year. Your Deductible is normally paid on the first service subject to a deductible listed on a claim with multiple services.

The order in which your claims are processed and paid by Delta Dental may also impact your annual Maximum. For example, if a claim with a later date of service is paid and your annual Maximum for the year has been reached then a claim with an earlier date of service in the same calendar year will not be paid.

Maximums can also be affected when the amount paid for services provided by Delta Dental PPO Dentists is higher than the maximum paid for services provided by non-PPO dentists. For example, if the Delta Dental PPO Benefit Plan's annual Maximum is \$1,700 and the maximum for services provided by non-PPO dentists is \$1,500 and Delta Dental has paid \$1,500 or more dollars for covered dental services, you do not qualify for any further payments for services provided by non-PPO dentists. But, if any other covered services are provided by a Delta Dental PPO Dentist, you qualify for an additional \$200.

PREDETERMINATIONS

After an examination, your dentist will talk to you about treatment you may need. The cost of treatment is something you may want to consider. If the service is extensive and involves crowns or bridges, or if the service will cost more than \$300, we encourage you to ask your dentist to request a predetermination.

A predetermination does not guarantee payment. It is an estimate of the amount Delta Dental will pay if you are eligible and meet all the requirements of your Benefit Plan at the time the treatment you have planned is completed.

In order to receive predetermination, your dentist must send a claim form to us listing the proposed treatment. Delta Dental will send your dentist a Notice of Predetermination which estimates how much you will have to pay. After you review the estimate with your dentist and decide to go ahead with the treatment plan, your dentist returns the statement to us for payment when treatment has been completed.

Computations are estimates only and are based on what would be payable on the date the Notice of Predetermination is issued if the individual is eligible. Payment will depend on the individual's eligibility and the remaining annual maximum when completed services are submitted to Delta Dental.

Predetermining treatment helps prevent any misunderstanding about your financial responsibilities. If you have any concerns about the predetermination, let us know before treatment begins so your questions can be answered before you incur any charges.

ORGAN AND TISSUE DONATION

Donating organ and tissue provides many societal benefits. Organ and tissue donation allows recipients of transplants to go on to lead fuller and more meaningful lives. Currently, the need for organ transplants far exceeds availability. If you are interested in organ donation, please speak to your physician. Organ donation begins at the hospital when a person is pronounced brain dead and identified as a potential organ donor. An organ procurement organization will become involved to coordinate the activities.

FUNDING POLICY AND PAYMENT OF PREMIUMS

The funding policy and method require payment by the Employer to Delta Dental of California as specified in the group dental agreement. If you choose OPTIONAL CONTINUATION OF COVERAGE, you will be required to pay Premiums directly to Delta Dental (or the Delta Dental COBRA Administrator) on or before the first day of each month of continued coverage. The Premiums for a person who elects continued coverage for himself or herself only will be the same as the Employer pays for a single Primary Enrollee plus applicable administration fee. The Premiums for a person who also elects continued coverage for his or her Dependents will be the same as for a Primary Enrollee with the same number of Dependents plus applicable administration fee. If Delta Dental (or the Delta Dental COBRA Administrator) fails to receive Premiums payable on the first day of the month within 30 days thereafter, continued coverage shall be terminated immediately and may not be reinstated by subsequent receipt of Premiums.
