Termination of Employment

Benefits Checklist

When LLNS Employment Ends

Generally, your participation in LLNS-sponsored benefit plans stops when your LLNS employment ends. You may, however, be able to continue some benefits for a limited time. The chart on pages 2 and 3 explains your benefits options in detail.

Retirement Benefits: If you are a participant in TCP1 and want to retire from LLNS, contact the Benefits Office for information.

If you are retiring or have already retired from University of California Retirement Plan (UCRP) and are eligible for post-retirement health benefits from LLNS contact the Benefits Office for information.

Distributions from LLNS 401(k): When you leave LLNS employment, you may keep your 401(k) Plan savings with the LLNS-sponsored program if your plan balance is at least \$1,000 (including employer match and/or service based contributions). If you do not meet the minimum balance requirements, you must rollover your money to another qualified plan or an Individual Retirement Account (IRA) or must take a full distribution of all your money in the plan. Taxes and penalties may apply to amounts not rolled over.

401(k) Loan Program: If you have an outstanding loan, you must arrange one of the following options with Fidelity within 90 days from your last day on pay status:

- Make monthly payments.
- Repay the outstanding amount in full

If you do not take any action, the outstanding principal will be reported as a distribution and will be subject to income tax and (if applicable) state and federal penalties.

To rollover or take a distribution of money you accumulated in the 401(k) Plan or arrange loan payments, contact Fidelity at 800-835-5095 or go online at www.netbenefits.com
