I Need Time Off To Get **WELL**

Time off to recover from a serious injury or illness

Sometimes life takes a turn we're not expecting, which might include sudden illness or injury. If you become ill or disabled and are unable to work, you can take time off of work so you can focus on recovering.

Job Protection

The Family Medical Leave Act (FMLA) and the California Family Rights Act (CFRA) offer job protection if you are unable to work due to a serious health condition. **If you are eligible**, you are guaranteed reinstatement to the same or equivalent position when you return to work. CFRA generally mirrors the federal FMLA and runs concurrently in a calendar year.

Job Protection Benefits	How long?
-------------------------	-----------

Family Medical Leave Act (FMLA)	Up to 12 weeks
---------------------------------	----------------

California Family Rights Act (CFRA)	Up to 12 weeks
-------------------------------------	----------------

Pay During Leave

California State Disability Insurance (CASDI) is available to you if you live in California. You may use your own sick leave and vacation accruals to supplement your pay from CASDI. Additionally, LLNS has an option for you to purchase supplemental disability through The Hartford. If you were injured at work, you may be covered by Workers' Compensation instead of CASDI. Here's how it works:

California State Disability Insurance (CASDI)

You can receive CASDI benefits for up to 52 weeks for serious illness or injury.

CASDI pays either 60% or 70% of your pay during your leave, depending on your income, up to a weekly maximum of \$1,540 for 2022.

You can use the **Disability/PFL Calculator** on the CASDI website to estimate your payment. You can elect to supplement CASDI with your sick leave and/or vacation accruals.

- > You may supplement CASDI with sick leave to receive up to 80% of your salary and may choose to receive 20% vacation to get to 100%.
- > You can also elect to supplement CASDI up to 100% with vacation.

There is a seven-day waiting period before disability benefits begin. During this time, you can elect to use your own sick leave and/or vacation pay or choose not to be paid.

Wage Replacement Benefits

	Reason	How much?	How long?
California State Disability Insurance (CASDI)	Serious illness or injury	Provides either 60% or 70% of your pay, depending on your income, up to a weekly maximum of \$1,540 for 2022.	Up to 52 weeks

Supplemental Disability

Supplemental Disability Insurance, offered through The Hartford, supplements the disability coverage available to you through CASDI and provides coverage to employees outside of California. It pays a higher level of benefits for a longer period of time while you are disabled. You may enroll in supplemental disability or change your waiting period at any time. However, if you do not enroll within 31 days after first becoming eligible or want to increase your benefits, you will need to submit Evidence of Insurability to The Hartford.

See the [**LLNS Supplemental Disability Plan**](#) for details.

Workers' Compensation

If you become ill or suffer an injury related to the workplace, you may be covered under Workers' Compensation. Workers' Compensation covers the cost of medical treatment and provides compensation for lost work time.

The benefit amounts are based on your weekly wages and are determined by California law.** Currently, Workers' Compensation provides two-thirds of your salary, up to a maximum of \$1,539.71 per week for 2022.

You can supplement using sick leave and/or vacation accruals.

You can also use Supplemental Disability Insurance, offered through The Hartford, to supplement your pay through Workers' Compensation or provide coverage if your primary work location is outside of California.

Contact Health Services and your supervisor as soon as your injury or illness occurs. For additional information, see Workers' Compensation Leave Roles and Responsibilities.

*** Workers' Compensation benefits may differ for employees with primary work locations outside of California.*

Disability Leave Time-off Example

JOANNE: RECOVERING FROM SURGERY

Joanne is in a car accident and misses four months of work while she recovers from surgery. Joanne uses her sick leave accruals to cover her pay for the first week. Beginning the second week of her leave, Joanne receives a percentage of her pay through CASDI. Joanne supplements her CASDI benefits with Supplemental Disability to receive a greater percentage of her pay for the full 16 weeks she is on leave.

For the first 12 weeks, FMLA and CFRA protect Joanne's job. After her 12th week of leave, Joanne's job is not protected, but she may be able to return to her job if a business need exists.

HOW LEAVE AFFECTS YOUR SERVICE CREDIT

If you take an unpaid leave or if your supplemental hours are less than 50% of your regular hours, you may have an adjusted service date. If so, you will receive an email message when you return.

Vacation Leave And Service Awards

Qualifying service to determine the rate of vacation accrual is based on the following:

A month of service at one-half time or more is a month of qualifying service.

If you are supplementing a leave of absence and are paid less than 50% of your normal work hours or take an unpaid leave, your service date for vacation and service awards will be adjusted.

For more information, see the [Time Away from Work Policies](#).

LLNS 401(k) Retirement Plan

You will continue to earn credited service if you return from an approved disability leave, USERRA (military) service leave or a Government Service Leave within 90 days after the end of your leave.

For more information, see the [Summary Plan Description](#).

LLNS Defined Benefit Pension Plan (TCP1)

You will be credited with one year of service for each plan year in which you earn 2,080 or more hours of service while an active member in the Plan. You will earn a fraction of a year of credited service in any year in which you work fewer than 2,080 hours.

You stop accruing service credit when you are no longer in pay status. You remain eligible for any benefits for which you were eligible before your leave began.

Upon return to active status following a USERRA (military) leave, Governmental Service leave or Workers' Compensation leave, you have the option to make up the mandatory member contributions. The amount of missed mandatory member contributions is based on the eligible plan compensation for such period.

In order to receive hours of credited service, the missed mandatory member contributions must be completed within a maximum period of three (3) times the length of the leave, not to exceed five (5) years. Contributions are made by payroll deduction and may be made only while you are an employee of Lawrence Livermore National Security. If you fail to make the full amount of the missed mandatory member contributions (plus interest in the case of a Governmental Service leave or Workers' Compensation leave) by the deadline, the hours of Credited Service will be prorated based on any partial repayment of such missed mandatory member contributions.

For more information, see the [Summary Plan Description](#).

401(k) Plan

Your contributions and loan payments, if applicable, will continue while on paid leave.

If you are on unpaid leave or your pay from LLNS is not enough to pay your full loan payment, you must make arrangements with Fidelity within 12 months of your last day on pay status. Your options include:

Make monthly Electronic Fund Transfers(EFTs) directly to Fidelity.

Make the full payment in advance for the period you will be off pay status.

Repay the outstanding amount in full.

If you do not elect one of these options within the 12-month period, the outstanding loan amount will be reported as a taxable distribution.

When you return to pay status, savings deductions resume automatically.

If the leave was a USERRA (Military) Leave, you are eligible to make up any elective deferrals, catch-up contributions, and after-tax contributions and receive the applicable employer match that you would have made to the LLNS 401(k) plan while you were gone on an unpaid military leave. Please contact the Benefits Office for information upon returning from a USERRA (Military) Leave.

If the leave was a USERRA (Military) Leave, Government Service Leave, or Workers' Compensation Leave and you choose to make up the mandatory member contributions, you must do so within a prescribed time frame in order to be credited with Credited Service in the LLNS Defined Benefit Plan for the period of your leave. The amount of missed mandatory member contributions is based on the eligible plan compensation for such period.

Please contact the Benefits Office for information about service credit buyback upon returning from a USERRA (Military) Leave, Government Service Leave, or Workers' Compensation Leave.
