

## Education Assistance

The Laboratory's Education Assistance Program offers support to qualified employees who wish to pursue an academic degree, job-related course work, or a certificate program in a field that is pertinent to the mission of the Laboratory. Support may include reimbursement for tuition, lab, and registration fees. Several on-site university programs make learning even more convenient for employees.

## Career Counseling

Whether you are seeking to enrich your current job or looking for career mobility, career development is a self-initiated process with support and resources provided by managers and the organization.

## Leadership & Employee Development

LLNL invests in your development and recognizes the importance of providing variety of different types of development options. Whether you are looking to grow as a leader, employee, or increase your technical skills, LLNL offers a comprehensive approach to providing employees at all levels with courses, opportunities, information & reference material.

We also recognize that your time is valuable, and you don't always have a lot of time to spend on learning. Multimodal learning is designed to give you the choice of what you want to learn, how you want to learn, and how much time you can spend on learning.

## Self-Directed Learning

### U-Learn
