# Eye Care is Essential

Keep yourself healthy with a yearly eye exam from a VSP network doctor.

## Did you know?

Annual eye exams provide an unobstructed view of the blood vessels and can help detect early signs of serious eye and health conditions like glaucoma, diabetes, high cholesterol, and high blood pressure.

- Nearly **96 million** US adults are living with **pre-diabetes** and **84%** don't know they have it.\*

\*Centers for Disease Control and Prevention (CDC)

Classification: Confidential

# Retinal Screening

Retinal screening photos are images of the inside of the eye that are used as baseline documentation of a healthy eye or to screen for potential disease(s).

These images can be compared year after year to monitor even the most subtle changes in the eyes, helping detect signs of eye disease and systemic disease as early as possible.

- Members with diabetes receive fully covered retinal screening each year.\*

\*Applies only if your employer has a VSP supplemental medical eye care plan

# Essential Medical Eye Care

Here's what's covered:

- Fully covered retinal imaging for members with diabetes who do not have diabetic eye disease.
- Exams and services to treat immediate issues like pink eye and sudden changes in vision.
- Treatment options to monitor ongoing conditions such as dry eye, diabetic eye disease, glaucoma, and more.

This coverage is supplementary and in most cases your health insurance will be billed first. You may be able to coordinate with your VSP benefits in order to help reduce out-of-pocket costs. If your VSP network doctor doesn't participate with your medical insurance plan, VSP has you covered with only the cost of your copay.\*

# Eyeconic

As a VSP-owned company, **Eyeconic** seamlessly connects your VSP vision benefits to your account.

Eyeconic offers a variety of well-known brands and contact lenses. Choose from more than 70 eyewear brands like Calvin Klein, Cole Haan, Nike, and more.
