Your estate plan made simple

Create and notarize your estate plan online.
Simply, securely, and on your schedule.

76%

of Americans do not have a will, the most basic estate planning document you need to protect your assets and your family.[1]

When it comes to your family, assets, and legacy, an estate plan gives you the confidence to prepare for your future.

Our Digital Estate Planning tool and online notary empowers you to create an estate plan in **as little as 15 minutes**.[2]

With our Digital Estate Planning solution you can create:

- **Last Will and Testament:** Leave property to loved ones and choose guardians for minor children.
- **Advance Directive:** Plan for a medical emergency and select medical care preferences.
- **Durable Financial Power of Attorney:** Choose someone to manage finances in case of an emergency.
- **Real Estate Trusts:** Keep your home out of the probate process and have it pass directly to the beneficiaries of your choosing with a revocable living trust.

The process is designed to work for most people, but if there are aspects of your estate that are more complicated, you might be directed to reach out to one of our network attorneys instead of using the online process.
